| Storage conditions | Store properly in original, unopened, and undamaged packaging in dry conditions. Protect from direct sunlight. |
| Density | 1.02 - 1.04 KG/L @ 25°C |
| pH-Value | 0 - 2 |

APPLICATION INFORMATION

Consumption

8-10 sqm. / L

Actual coverage will vary depending on site conditions, type of surface, cleaning methods, and spillage/wastage.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

IMPORTANT CONSIDERATIONS

- Do not use polished marble, polished limestone, terrazzo, tiles, or bronze / metallic glazed tiles.
- Avoid contact with porcelain fixtures, sinks, or tubs.
- Never mix or dilute with other cleaners, bleach, or ammonia products
- Protect adjacent surfaces (eg. carpet, furniture) from residue. If required, rinse with plenty of water.
- Rinse with plenty of water when removing SikaTile®-950 Care Cleaner from the substrate.
- A protective mask and eyewear (goggles) should be always worn.
- Safety shoes, rubber gloves, and other appropriate skin protection shall be worn at all times.
- In the event of excessive contact, rinse with plenty of water and remove contaminated clothing.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage, and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological, and other safety-related data.

APPLICATION INSTRUCTIONS

SUBSTRATE PREPARATION

- Before starting the application, always test the product on a small, inconspicuous area to verify compatibility and results. Apply 2–3 drops of SikaTile®-950 Care Cleaner to the surface and allow it to dry
- Inspect the test area for any discoloration, shading, staining, dulling, etching, or other adverse effects. If the results are satisfactory, proceed with surface preparation by vacuuming or sweeping all areas to remove loose dirt and debris.
- Prior to application, thoroughly pre-wet grout joints, cement plasters/stucco, and porous tile or stone surfaces with clean water.

Product Data Sheet

SikaTile®-950 Care Cleaner
December 2025, Version 06.01
02179060000000049

MIXING

The product is ready to use and there is no need to mix it with anything else.

APPLICATION

1. Mask, eyewear, safety shoes, rubber gloves, and other appropriate skin protection shall be always worn.
1. Apply SikaTile®-950 Care Cleaner appropriately over the stain. Allow 10-15 minutes without letting it dry because it will hardly remove the stain.
2. Use a scrub brush to clean the stain.
3. Rinse well with clean water.
4. Repeat steps for stubborn stains, heavy soil, or old/thick cement smears.
5. Clean tools and equipment with detergent and water

CLEANING OF EQUIPMENT

Rinse/clean all tools and equipment with lots of water.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
